Breakfast and Hot Lunch Programs

Milk program was discussed how it would work, would we sell tickets? Have order forms- monthly/weekly deliveries. Nothing was decided as parent member in charge was unavailable at the meeting.

Hot lunch will be provided by our parent council to our students we have decided to organize separate meals to eat on occasion with the west wing students. West wing students request our students to pay \$5/student to have their hot lunch. Parent council rejected this request as it would become too costly on our students.

Next LGS hot lunch will be Wed Nov 16, spaghetti & garlic toast & cookies provided by parent council.

Business arising from the minutes:

Purdy's has been received by parents and students. Moans and groans have been heard about the cost vs return consideration may be taken next time not to do Purdy's as a fundraiser. Farm to School Fundraiser will begin and run to recoup funds lost or not earned by Purdy's.
