Mom's Pantry: new fundraising ideas were discussed. Possibilities of having a spring fling involving the community and tying it into the arrival of our new playground equipment was discussed. Having pop corn and cotton candy sales, possible bouncy houses (depending on donation) admission charged for students and community members. Games and fun booths set up... further discussion needed ideas tabled to next meeting. Fundraising with minimum orders required is nearly impossible for our small school.

A two day ASCA AGM is running Edmonton on April 28, 2017. The school board is donating \$800.00 in funding for school council members to attend. Jessica stated that mileage and hotel as well as food would be covered if anyone is interested in going. Jessica and Allison are currently looking at attending.

Principal's report:

Jessica will need to contact Mr. Bennett about a member representing the east side sitting at parent council meetings to make communication easier between sides as well as coordinating different events.

Wellness is the focus within our school and division... children who regularly bring in healthy snacks during the wellness challenge will be rewarded with a pizza party on February 15, 2017.

Accountability Survey for parents of students in grades 4-6 will be mailed out and parents are asked to fill these out and return them promptly.

Tentively a lice check for students will be scheduled for the end of the month... another question for Mr. Bennett→ who will check the east wing students?
